Give your patients a reason to hope

Help lower their treatment co-pays
with our grants.

High out-of-pocket costs should not prevent anyone from getting treatment

At the PAN Foundation, we help people with life-threatening, chronic, and rare diseases pay for the out-of-pocket costs of their treatment. We help patients pay for their deductibles, co-pays, coinsurance, health insurance premiums, and transportation expenses to get to medical care.

In just a few minutes, your patient can secure a full year of financial assistance. Help them apply for a grant and avoid difficult decisions like whether to delay treatment or cut back on groceries.

PAN offers

- Nearly 70 disease-specific funds
- Grants to help with co-pays, deductibles, coinsurance, premiums, and even transportation
- An easy online application process
- Instant determination of eligibility
- One-year grants, with potential for additional funding
- Secure online portals to enroll patients and manage grants and claims
